Professional Summary

Flutter developer with experience in building and publishing cross-platform mobile applications on the Play Store with iOS support. Skilled in creating smooth, user-friendly interfaces and performance-optimized applications. Passionate about working on creative and impactful mobile app projects.

❖ Skills

- **Technical Skills**:

    - Flutter & Dart, MVC Architecture, Firebase (Authentication, Firestore, Realtime Database, Cloud Messaging), REST API Integration, GetX (State Management), Shared Preferences & GetStorage, Push Local & Remote Notifications, UI/UX Design, Custom Dialogs & Bottom Sheets, Form Validation & Input Handling, Responsive Design, MediaQuery & LayoutBuilder (for responsive UI), Image Upload & Media Handling (Cloudinary Image Picker), Animations & Transitions, Background Services & App Lifecycle Management, Performance Optimization

- **Soft Skills**

    - Problem-solving & Debugging, Clean Code Practices, Team Collaboration, Time Management, Attention to Detail, Quick Learning & Adaptability, UI/UX Understanding

- **Tools & Platforms**

    - Firebase Console & Firestore Emulator, VS Code & Android Studio, Git & GitHub, Postman (API Testing), Google Fonts & LottieFiles

❖ Work Experience

- [JDK GROUP Bhavnagar](#) : 15 Jan 2025 – 15 July 2025

    - Develop and maintain high-quality cross-platform mobile applications using Flutter and Dart.

    - Collaborate with UI/UX designers, product managers, and backend developers to implement app features.

    - Integrate REST APIs, Firebase services, and third-party libraries into applications.

❖ Projects

• **Food & Cake Ordering Apps (2 Separate Apps)**

Technologies*:* Flutter, Firebase (Auth, Firestore, FCM), GetX, Google Sign-In
Developed two role-based apps (User & Admin) for food and cake ordering.

- User Panel: Google Sign-In, item browsing, order placement, banners, and push notifications (like Zomato).
- Admin Panel: Manage items, categories, orders, users, and send broadcast notifications with media.
- Dual-panel architecture with order tracking, analytics, and promotional tools.

• **Tuition Management System with AI Assistant**

Technologies*:* Flutter, Firebase, GetX, Modern UI (Liquid Glass Effect), AI Integration
Built a sleek and intuitive tuition management system with separate Admin and Student panels, featuring glassmorphism design and AI-powered assistance.

- **Admin Panel:** Create/manage students, teachers, and other admins; schedule lectures/tests; manage holidays; assign/edit/delete test marks; send announcements and updates.
- **Student Panel:** View lectures, tests, marks, schedules, holidays, and announcements in real time.
- **AI Assistant:** Integrated AI chatbot to help students with study-related queries, concept explanations, and learning resources.
- **UI:** Advanced modern UI with glassmorphism (liquid glass effect) and responsive design for a visually immersive experience.

• **Live Chat Application**

Technologies*:* Flutter, Firebase (Firestore, Auth), GetX, Figma, Clean Architecture
Built a real-time 1-to-1 chat app with personalized theming and user profiles.

- Real-time messaging, profile customization, custom chat backgrounds, live status indicators, and responsive UI.

• **COVID-19 Live Tracker**

Technologies*:* Flutter, REST API, HTTP, Graph Widgets
Created a real-time COVID tracker with global/country stats and interactive graphs.

- Global dashboard, searchable country stats, and clean multi-screen navigation.

• **Minecraft Mods & Maps App**

Technologies*:* Flutter, REST API

- Designed a clean and responsive UI for browsing Minecraft mods and maps. Integrated REST API to fetch and display dynamic content like mod lists, map previews, and descriptions in real time.

❖ Education

- **Bachelor of Engineering (Currently Enrolled - External)**

  Sanjaybhai Rajguru College Engineering in IT, Rajkot

- **Diploma in Engineering**

  Sir Bhavsinhji Polytechnic Institute, Bhavnagar in IT - *Completed: 2024* • **CGPA: 7.35**

- **10th Grade (GSEB)**

  Shree Gambhirsinhji High School, Vallabhipur - *Completed: 2022* • **Percentile: 77.99**

❖ Languages

- English
- Gujarati
- Hindi

❖ Hobbies

- App UI Designing
- Exploring New Mobile Apps & Trends
- Watching Tech YouTube Channels
